Abstract

Figures added to the draft specification that would help first time readers in the wider Committee Draft audience.

1 Figures

1.1 Overall decoder figure

1.2 *Separate source and stream concept layers*

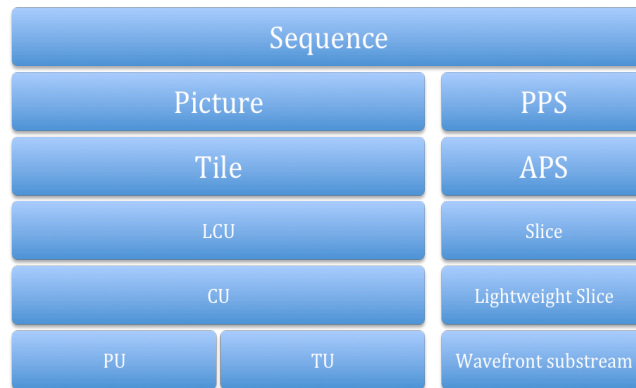

Figure 1 Concept: source and stream layers

1.3 *Layers*

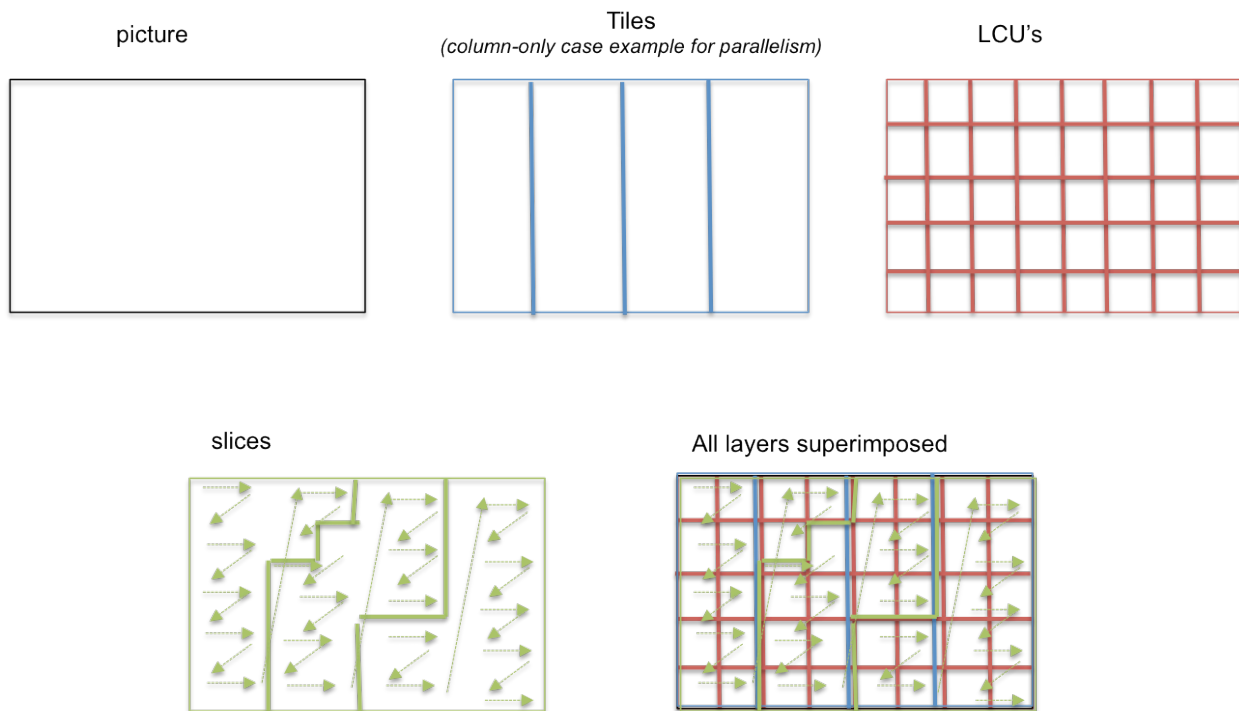

Figure 2 Source Layers

1.4 Tiles

Figure 3 Coding order of tiles

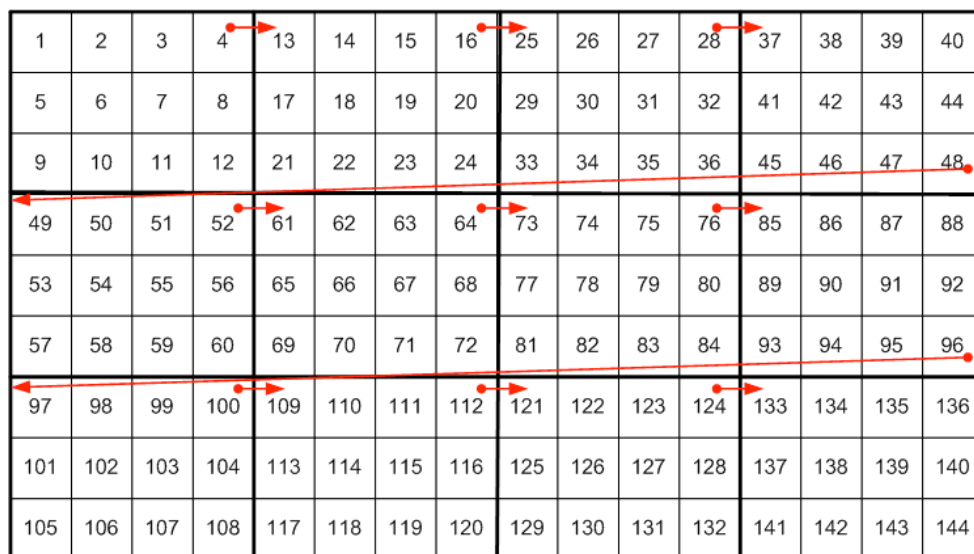

Figure 4 CABAC dependencies within Tiles

Stream order following normal tile order

Raster (intended for stream compatibility with non-tiled decoders)

1.5 SAO decoding process
